

AI SHARK TANK — PITCH REPORT

ClearRoute

THE PITCH

PROBLEM

CleanRoute is a proposed mobile sanitation startup that deploys clean, maintained toilet vans every 10 km on national/state highways and every 5 km on hill routes across India. The concept addresses one of the most underserved infrastructure gaps in Indian travel — the complete absence of hygienic, safe, and accessible restroom facilities on long-distance road journeys.

SOLUTION

Clean maintained van (leased or owned) • On-site attendant at all operating hours • UPI QR plus coin slot payment • Hygiene score board visible outside van • Fixed GPS-pinned highway location • Basic safety: lighting, lock, attendand
